# PRESS RELEASE

Oricia Games launches its "Press Space" to facilitate communication with journalists and media professionals

**Albi, December 13, 2024**

Oricia Games is proud to announce the launch of its new Press Space on its official website. This new page is designed to offer journalists, bloggers, and content creators quick and easy access to essential resources related to the studio and its projects.

Accessible directly from the official Oricia Games website, the Press Space includes:

- **Complete press kits:** containing promotional visuals, screenshots, official logos, and other graphic elements.
- **Press releases:** available in both French and English for international distribution.
- **Exclusive news:** about ongoing projects, upcoming events, and important announcements. Press releases will also have a video version. These videos will be available in the press release section or on YouTube.

## **A Commitment to Local Media**

With this initiative, Oricia Games aims to strengthen its ties with the local press in Albi and the Occitanie region. By boosting the visibility of the video game industry at the local level, the studio hopes to inspire a new generation of creators and contribute to making the region a hub of video game innovation.

## **An Invitation to Discover the World of Oricia Games**

Oricia Games, known for its ambitious projects and dedication to immersive storytelling, invites all media professionals to explore the Press Space and follow the latest updates from the studio.

Whether following the development of Oricia Games' projects or diving into the behind-the-scenes of its immersive worlds, this platform has been designed to provide a practical and enriching experience.

Users can access this page only through the footer on [www.oricia-games.com](http://www.oricia-games.com).
