

ORICIA GAMES

PRESS RELEASE

Fisherman's Island – Important Updates for Our Players

Albi, December 19, 2024

Dear players,

We would like to inform you about an important change regarding the distribution of *Fisherman's Island*. From now on, updates for the game will no longer be available on the Itch.io platform. All future updates and new versions will be exclusively released on Steam.

Why this change?

This decision was made to simplify administrative processes for updates and to focus our efforts on the platform where the majority of our player community resides.

For Itch.io players:

If you own the game on Itch.io and wish to continue receiving updates, here's what you need to do:

1. Send an email to our customer service at service.client.oriciagames@gmail.com.
2. Include the email address associated with your Itch.io account.
3. You will then receive a free Steam key to transfer your game access to that platform.

We deeply appreciate the support and understanding of our Itch.io players.

A bold vision for 2025

We are also excited to announce a new development direction for *Fisherman's Island* starting in 2025. This next phase will feature more ambitious and clearly defined objectives to further

enhance the game experience and unlock the full potential of this unique universe.

We look forward to sharing these exciting updates with you and continuing this journey together. Thank you for your loyalty and enthusiasm, which drive us to always strive for more.
